

Camp Asbury

Camp Asbury is a summer-long program for children between the ages of 5 and 12 that combines a variety of theme-based adventures and experiences in a friendly and creative atmosphere!

There are always new things to learn and discoveries to make!

Our Camp is supervised by an experienced, mature staff who direct, support and assist children with their explorations while encouraging individual creativity and problem-solving skills.

Children will have plenty of time for games, free choice, art, crafts, drama, and sports, as well as organized group activities on a daily basis.

An off-campus field trip is planned most weeks encouraging children to explore our theme with support from our community's resources.

Our Philosophy

Asbury Day Care Center is committed to providing a quality program for young children from diverse families, which promotes the healthy growth of the whole child.

In order to accomplish this, we work to provide a planned program which encourages social, emotional, physical, and intellectual growth. We look at the needs of the entire group as well as the needs of each child.

We seek to keep the child's family central to his/her care by encouraging parents to participate in the program and by sharing information about the child's development. Parents are always welcome here.

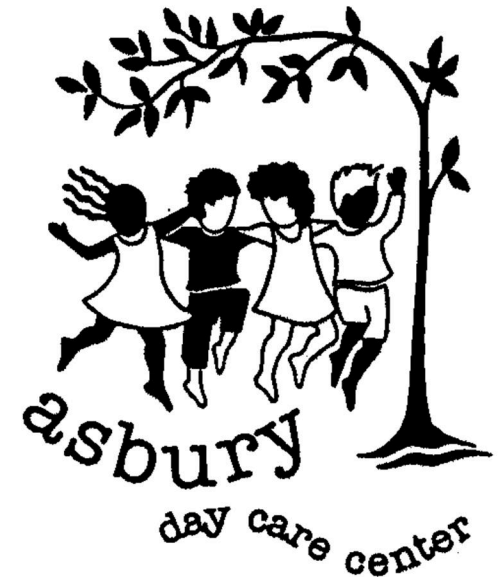

Our teachers work to create an atmosphere of acceptance, trust and respect for all children. We value the many ways we are all different as well as the similarities we share. Our program actively encourages peaceful solutions and skilled communication.
