Asbury Day Care Center Groups:

Beech (6-18 mos.) Nurturing staff support each child in separating from families and becoming comfortable in our setting. An enriched environment is provided with lots of interaction, singing, books, a little sign language and Spanish, as well as many opportunities for small and large motor skill development. Family members are always welcome.

Linden (1 ½ - 2 ½ yrs.) Budding independence and confidence stand out here: many opportunities available to explore, create, experiment, and test. Self-help skills and interest centers complete their active days, as loving teachers support and encourage each child.

Spruce (2 ½ - 3 yrs.) Toddler to preschooler all in one year: self-help skills mature (independent toileting accomplished!), language and cognitive skills deepen and expand. An exciting, thematic curriculum captures the attention of these non-stop learners. Forget the old favorites; give us something new!

Cedar (3 ½ -4's) Science and preschoolers: a magical mix. As this group develops skills in social areas, language and literacy, fine motor and imaginary play, the topic is science: light and color, neighborhood habitat, properties of matter and more. Hands-on activities that enthrall this group balance age appropriate presentation of concepts.

Pre-K 4/Willows (4-5's) The very social Willow group engages together in a full complement of pre-kindergarten learning centers: large and small motor skills, language and literacy, math and science, social studies, art, movement everything they need to be “ready for school” and more! This program is a part of the City School District’s free pre-school offerings for four- year-old city residents. We do not have an available program for non-city four year olds.

School-Age Program (Kindergarten – age 12) This program is designed to meet the needs of school-age children after school as well as during holidays and vacation weeks. Mature, caring staff offer a diverse program to engage kids in productive, playful activities both quiet and vigorous. Children have lots of choices after a day of focused attention in school.

Camp Asbury Asbury Day Care Center offers a summer-long, full day program for children between the ages of 5 and 12, which combines a variety of theme-based adventures and experiences with a friendly and creative atmosphere! On a daily basis, children have plenty of time for games, free choice, art, crafts, drama, and sports.
